## 1 | uhoh, due this morning.

alright.

"one of the things i like to do a lot, is breathing. actully, i do it almost all the time, which is pretty cool, but anyways, i also like to do data viz. so i decided to combine these two things for my unessay."

show the video,

"this is a visulization of some breathing exercises i did."

height at start represents 'depth' of breath, as measured by the integral of the normalized audio curve
