

1 | Pol

- Jewish autobiography indicates identification with story of Pilgrims and allusion to Promised Land
- *Mona and the Promised Land* has extra focus on America as a promised land and more connections to Judaism
- *Once in a Promised Land* further works with this idea but involves the disillusionment aspect that also plagued the Puritans

2 | Connections

- Clear connection to Puritans promised land
- Tied to the Indigenous People's History reading in how history has had this subconscious impact on American culture?

3 | Question

- Does this happen in other notable immigrations? Serious fixation on America as an almost religious promised land.
