

# 1 | Ming's Economic Decline

Various infighting + change of leadership caused a slow but sure period of economic decline in China.

## 1.1 | w.r.t. Zheng He's Missions

See KBhHIST201ChinasDeclineWRTZhengHe

## 1.2 | w.r.t. Botched Reopening

See KBhHIST201ChinasDeclineWRTReopening

## 1.3 | w.r.t Declining Currency

See KBhHIST201ChinasDeclineWRTCurrency

## 1.4 | China's Centralization Argument

- Decentralized? => Ports had almost no central control
- Centralized? => Government structure centralized, but infighting and smuggling
- Centralized policy maneuvers lead to local chaos that could only be addressed to local control, but central control got too big
