From Gretchen Kellough to everyone: What is the difference between colonialism and imperialism? What is globalization? How might globalization compare with imperialism?

Figure 1: e0f2c85fa0ee768ed57edb70f96ce954.png

- Colonialism is more about gaining and asserting power, while imperialism is more about ruling a colony afterwards.
- Globalization is the creation of a global economy and bringing people closer in interaction (like the UN).
- Globalization is more like working together, while imperalism is more like taking over.
