#ref #incomplete

1 | An index, for some of the projects i need it for.

1.1 | sketches

- KBxChaosPlanning
- KBxR3F
- KBxcliExperiments
- KBxQuestScratch22

1.2 | blender things

- KBxBlenderFractals

1.3 | flowy

- KBxTaprootv4Thoughts
- KBxKynticThoughts

1.4 | the stack

- flow field
- chaos exploration
- boids
- volume displacement but w/ arnold
- cli based text and file transfer + storage
    - or, show air qual
- vector space visualizer
- text -> graph structure, with connected references and definitions
- chrome extension that just creates citations

1.5 | loose

flow field that takes weather data as the vector field. inspired by sebastain leuge! a graph of citations, clustered?

handwriting-note taking app extravaganza

looking at what happens if 1=2

1.6 | **ctf**

KBxPicoScratchpad
