1 | **David**

☐ Remove helvetica from equations.

☒ Add admonition-style blocks

☐ Add inline tag support

☒ Render file tags in a pretty info block manner (sorta like the stub warnings on Wikipedia)

☐ Checkbox and TODO support

☐ Make `#include` statements not disappear

☐ Make updating the website easier

1.1 | **Higher-level**

☐ Improve "shared notetaking experience"

  ☐ Coherent naming scheme
  ☐ Easy switch between different people's notes on same subject
  ☐ Transclusion support?

☐ Decentralize

☐ Extensibility?

☐ Enforce the absolute minimum amount of things.
