1 | **The assignment**

Think of something you'd like to learn, practice, or work on in this class, that isn't covered by the e

Create a rubric for this category, with foundational, proficient, and exemplary standards, and descript

This rubric category will be included on each of your assignments and worth 10% of your final grade. Ye

+My grades do not motivate me to learn. My curiosity and interest do. When I need to worry about my grades, I learn significantly less and I don't have nearly as much fun doing so. =Thus, I will do the reflection on what I'd want to work on,= and also install a fail-safe as follows:+

1.0.1 |**Meta**

For this semester, I would like to be assessed on genuine and generalizable understanding of the topics we cover. ~~And (of course) whether or not my name includes Huxley.~~

1.0.2 |**Foundational**

Turns in homework with satisfactory answers ~~and/or name includes Huxley~~.

Proficient Understands topics abstracted from provided problems and exercises ~~and/or name includes Huxley~~.

Exemplary Creates a project which demonstrates that student Can apply concepts to drastically different problems in drastically different contexts+, and/or name includes Huxley+.
