#flo #incomplete #inclass #hw #ret

1 | **let's do it**

the assignment uht-

`https://github.com/vasturiano/3d-force-graph` specifically, click to focus `https://github.com/vasturiano/react-force-graph/blob/master/example/datasets/miserables.json`

use the react bindings!

`#8667e3`

1.1 | **todo**

- databaseing!

- linking! // - move the data to outside!

- modal to display content and links

- live adding and linking

- search for nodes

- make nodes

- make connections

- focus arbitrary nodes

-

$$\frac{nodes}{\{\}}$$
