1 | **Begin! Computer Security**

White hat. for sure. yeah. that one.

```
Most people seem new to comp sec...

evalutate own work so u cant be taken advantage of, and learn how you learn
and also try to learn about comp sec!

this is an example
**BOLD**
```

1.0.1 |**Submission:**

explain how to run it! explain with comments! self score for every one otherwise it will not be graded

```
dont hack you own laptops!
```
